

CoviMate

One-stop COVID-19
information platform.

createAPK Event

Statistics, Directories, Blogs, News – all in one app.

Get the latest country-specific stats on COVID-19.

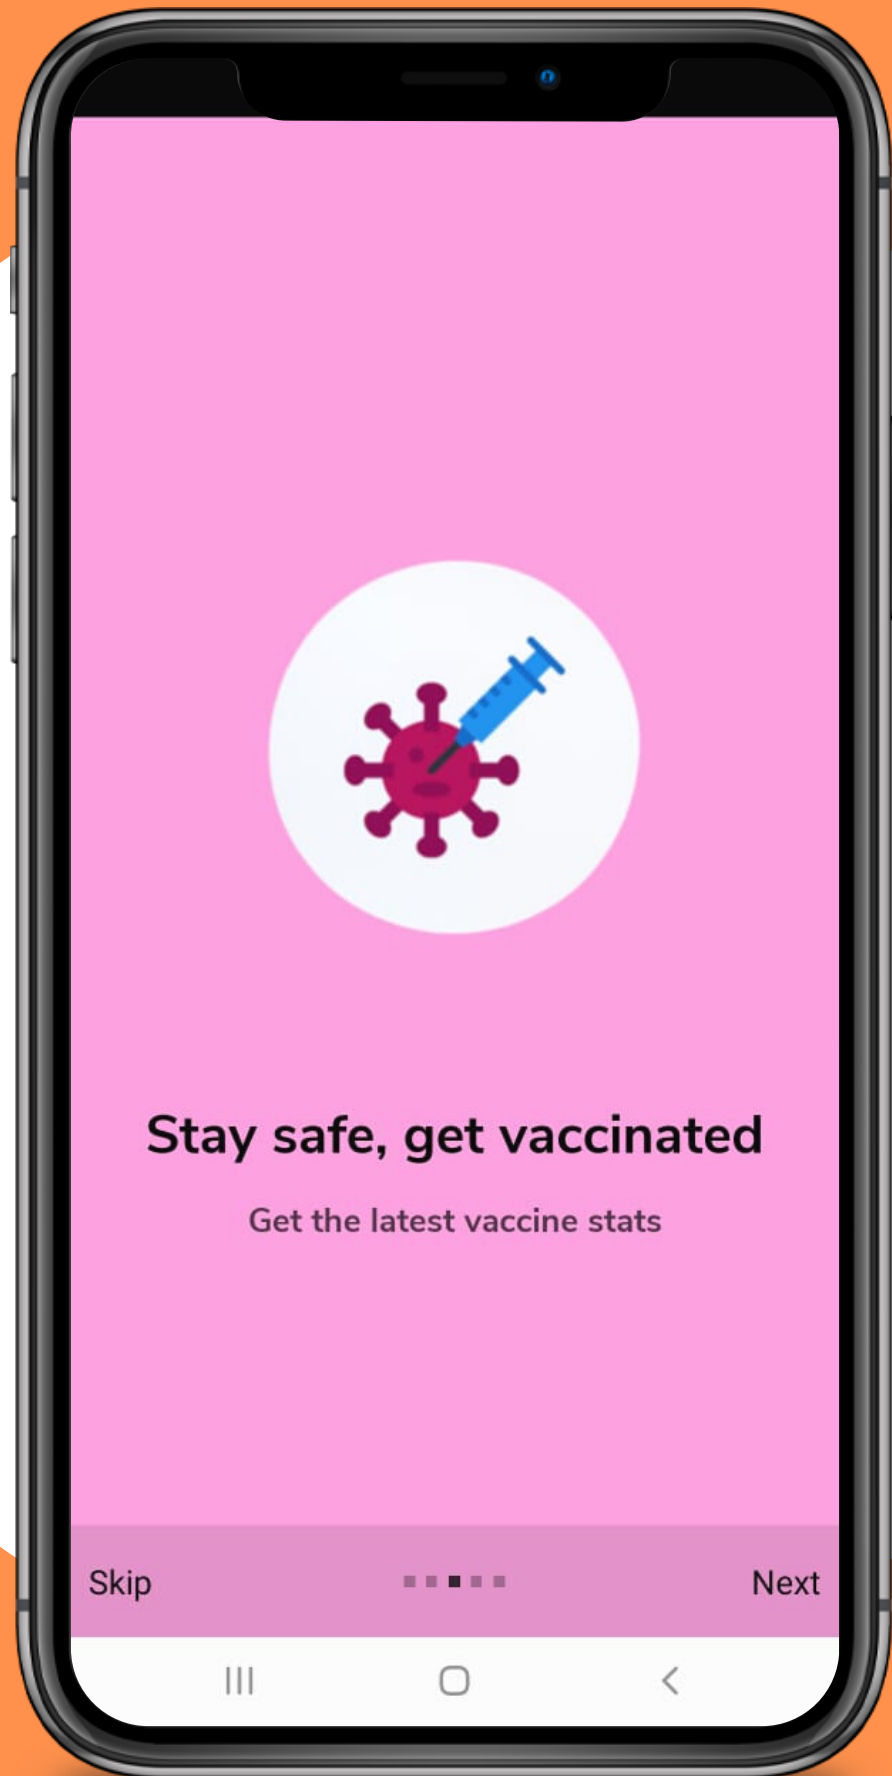

Track daily confirmed cases, recoveries and deaths for every country, alongside the cumulative numbers, displaying the curve in graphs.

Your emergency buddy, always.

Find verified medical colleges, and O2 vendors near you, in urgent situations.

Catch the big headlines.

Stay updated on the latest COVID-19 news and experiences shared by survivors, in the blog section.

Analytics

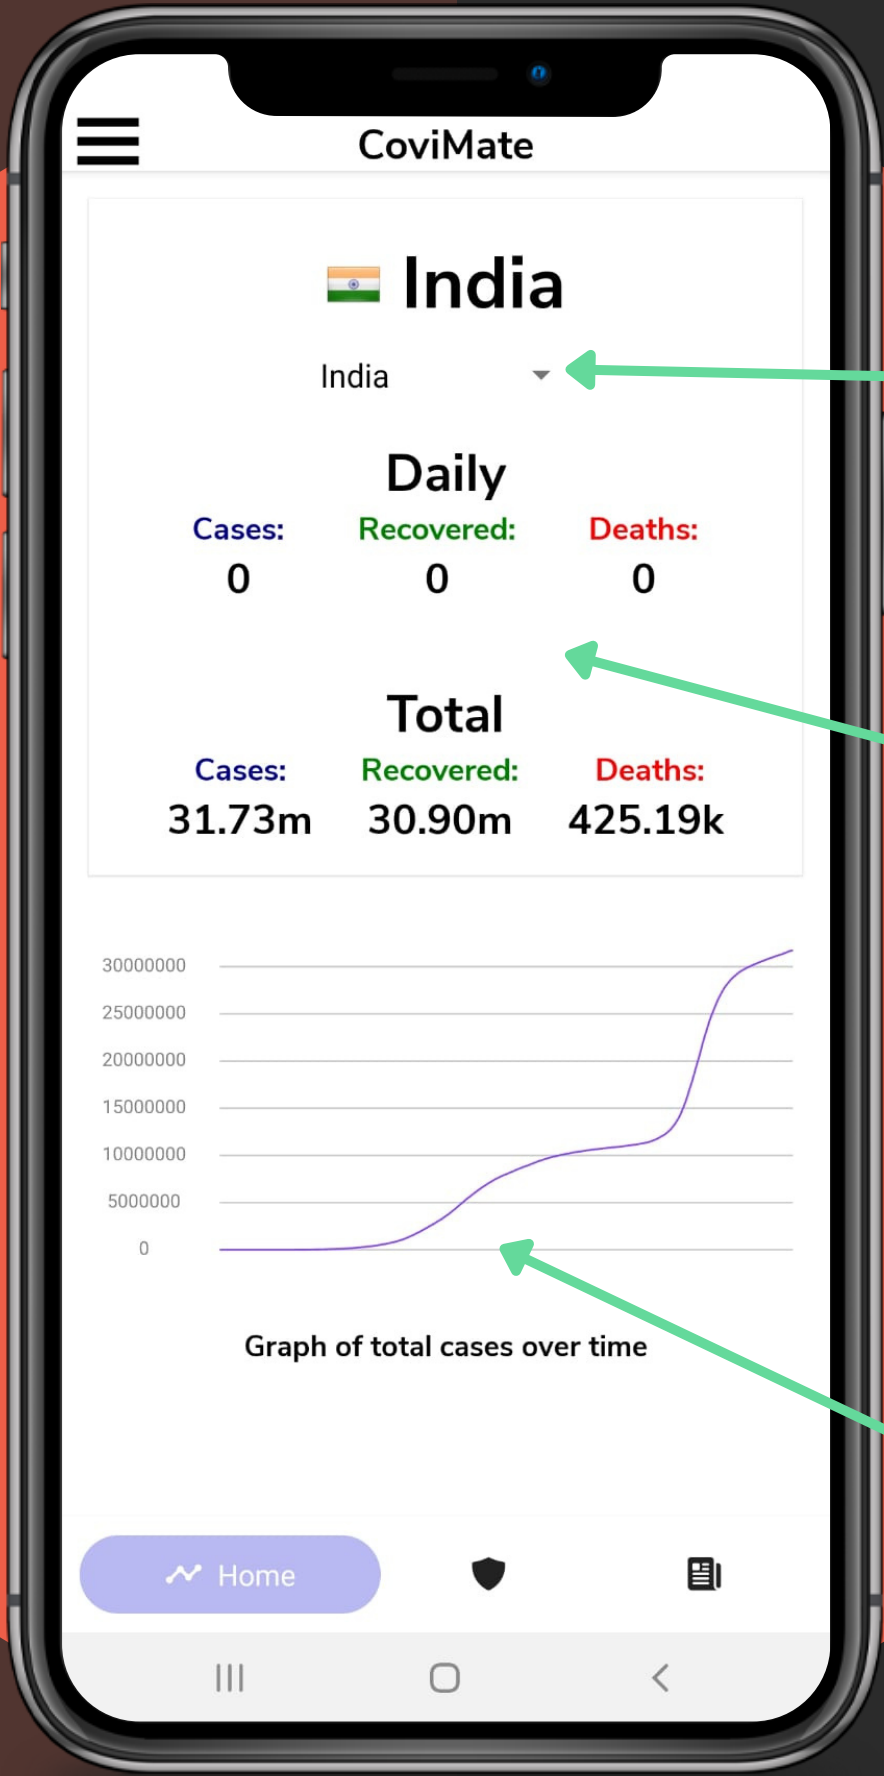

Track the vaccination drive and vaccination rate in your country, with information on the total number of doses given, percentage of population vaccinated, and daily number of people vaccinated

Google News, TOI etc

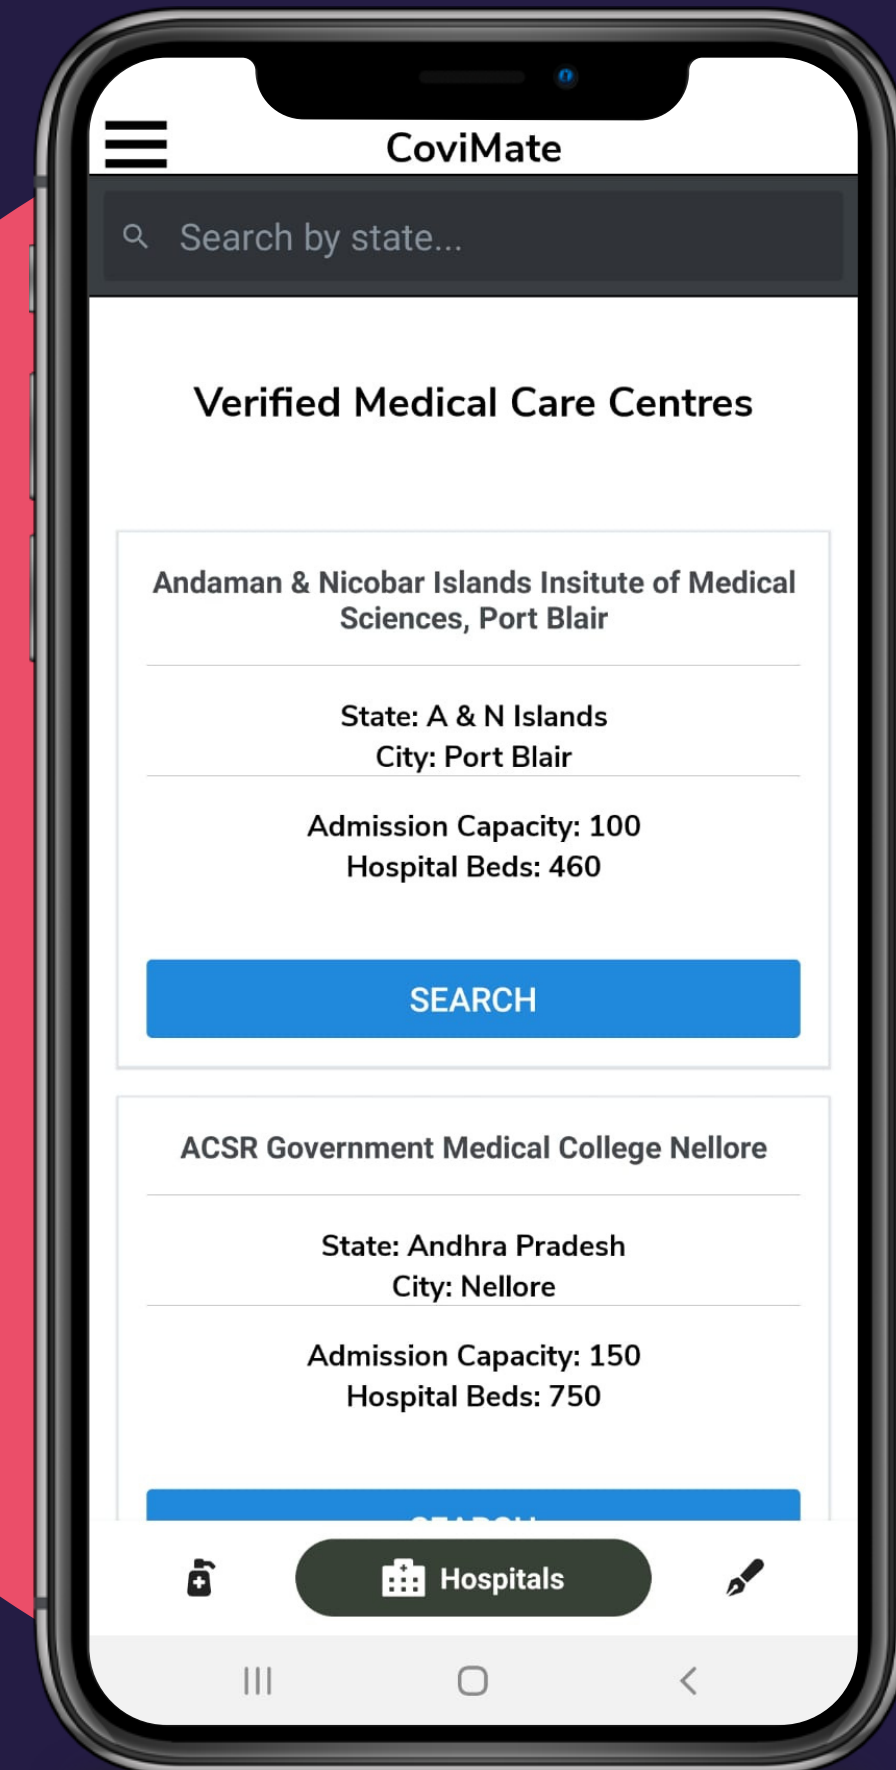

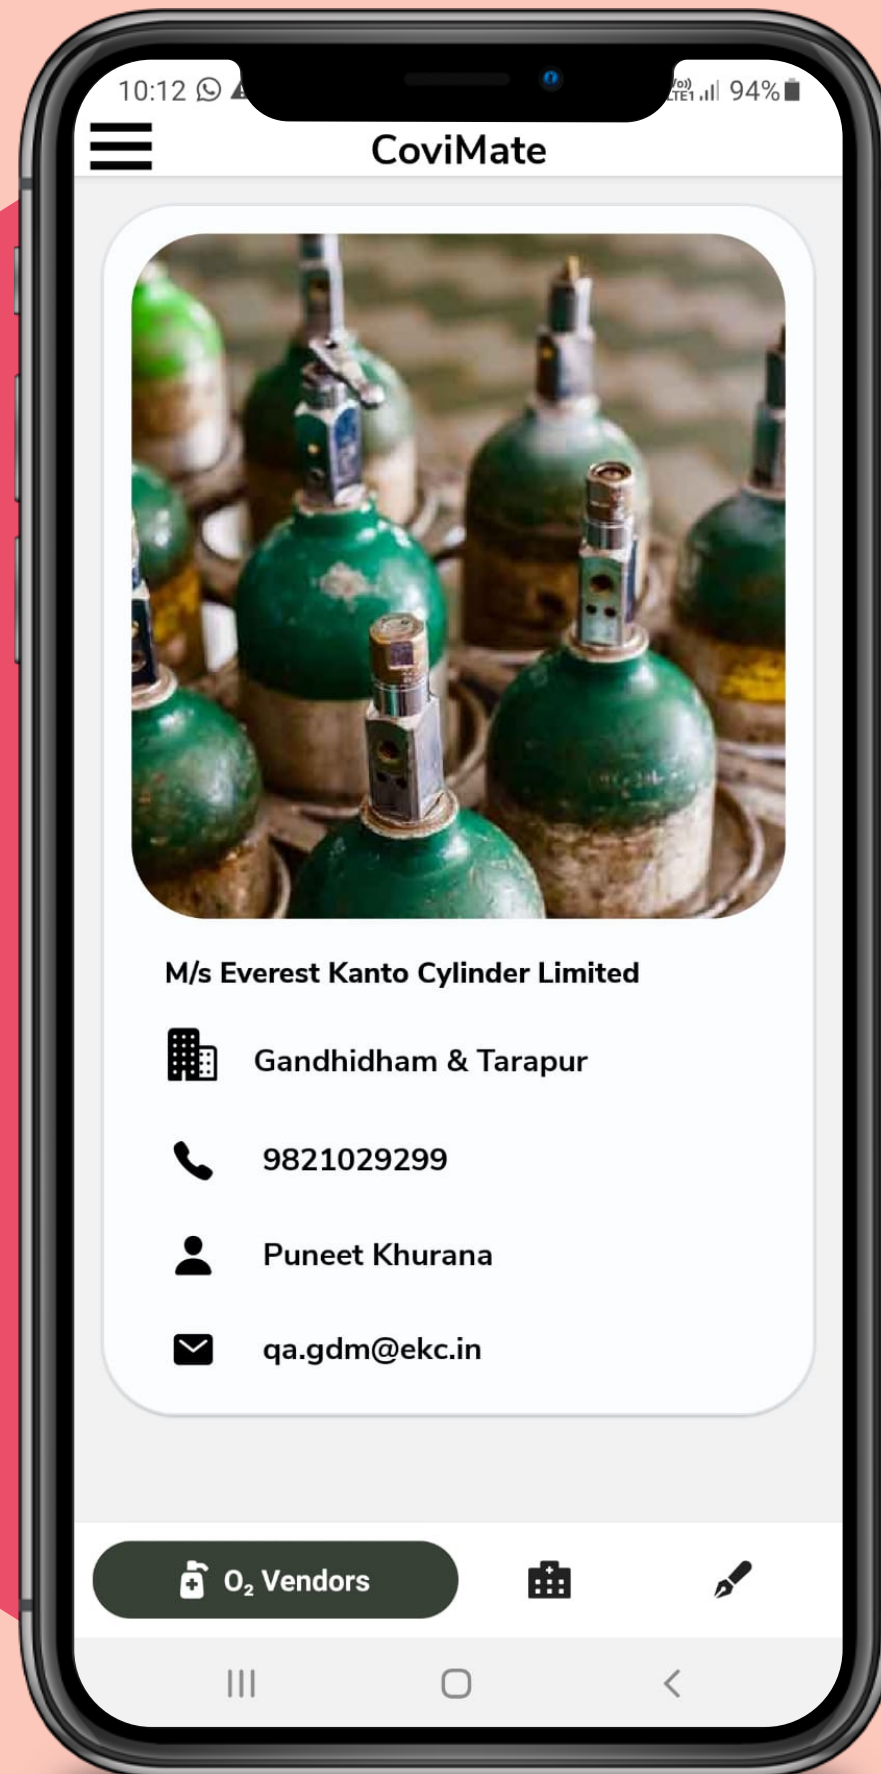

DAILY NEWS AND HEADLINES

Catch up on the latest news
and headlines regarding
Health and COVID-19.

Medical help, at your fingertips.

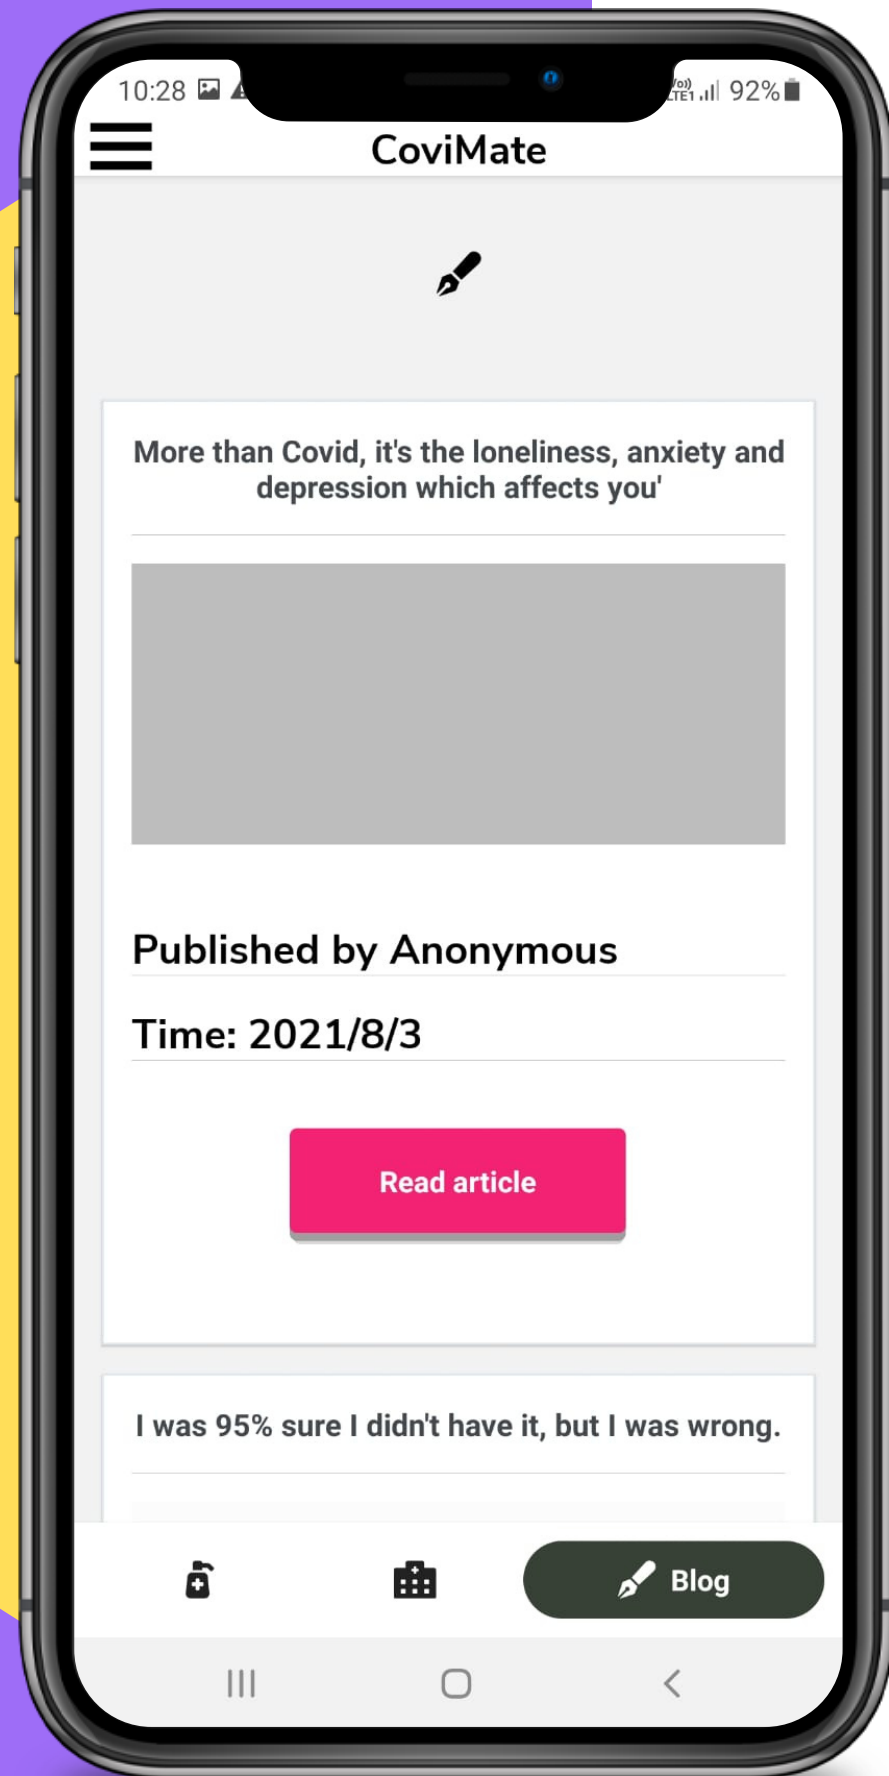

Get a huge list of medical colleges and healthcare centres for every Indian state, along with their Admission Capacity and number of beds. Linking is integrated with each hospital, so you don't have to waste your time Googling it again.

O₂ Vendors

Get contact details of verified oxygen vendors near you. Search by state to get more accurate results.

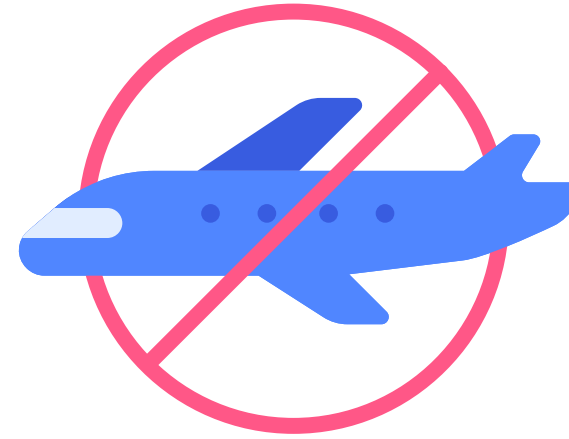

ARTICLES AND BLOGS

Read from the collection of
inspirational stories from COVID-19
survivors

Write and share your experiences as well,
dealing with the deadly virus, and how it
affected your mental and physical
wellbeing.
